

MONUMENTAL MOMENTS

Albany Anzac 2014 – 2018

As you leave this exhibition, and thoughts of a war, a great war to end all wars dwell in your contemplation, let but one word linger as you stride forth in faith and hope for the future Freedom

Pause to reflect upon those who took up that challenge in our name, Anzacs all, whom willingly made the ultimate sacrifice so that we that continue to build this great nation Australia might enjoy that god given vestige from a time since passed into history.

*Albany has a special place in that remembering 1914–1918 a debt of honour from 10,000 places of a grateful nation **Lest we forget.***
